They see a cast away Chevelle, a creaky El Camino, a crippled Camaro, and a neglected Nova.

PICTURE THIS

Rosie's Muscle Car Diner garage wall mural is just one of a collection of Garage Scene wall murals that pull a page right out of automotive history and put it on display. Garage Scene wall murals transform boring garages and game rooms into familiar sites from the glory days of cruising and hotrodding: neon-lit diners, classic service stations, ¼-mile dragstrips, etc. Each photorealistic, life-size backdrop is digitally printed on a single sheet of high-quality, UV-resistant vinyl that installs just about anywhere with the included hanging hardware. Shipped directly from the manufacturer and requires 2-3 weeks for delivery. Genuine Hot Rod Hardware, (800) 575-1932 or www.genuinehotrod.com.
