KENNEL LINER

FEATURES

G-Floor® Universal Kennel Mats by Better Life Technology go anywhere to take care of your pet while protecting your residential or commercial property. As with all other G-Floor® Universal Flooring products, our Kennel Mats are made in the USA and designed to provide years of performance, comfort and safety under heavy use. Manufactured with the same top quality 100% polyvinyl as G-Floor® Universal Flooring, Kennel Mats are specifically designed to protect flooring surfaces from urine, droppings, mud, scratches, digging and other damage. Uses for our Kennel Mats are endless – crate liner, animal training centers, dog houses, indoor and outdoor kennels – anywhere you and your four-legged friends live, work and play. Our durable Kennel Mats are lightweight, easy to roll-out for a custom fit, and roll-up for convenient storage when not in use. Clean with a hose or soap and water. They won't crack, peel or curl, and are slip-resistant yet comfortable on pet paws, helping reduce arthritis. As an added benefit, Kennel Mats come in attractive colors and styles and reduce odors so the mat stays fresh smelling. G-Floor® Kennel Mats are a pet and pet-owner's best friend.

With three colors to choose from, G-Floor® Universal Kennel Mats get an upscale look with Levant leather-like texture making them appealing for your pet and surroundings. Our 5 ft x 10 ft mats offer a classic semi-smooth, matte surface and provide comfort under paw, helping to prevent slips and future joint pain.

Consider G-Floor® Universal Anti-Fatigue Mats if you want additional padding for aging pets or for a more cushiony sleeping space.
